

SNUG SEAT® traveller plus el

nothing compares to a smile!

From Snug Seat - Britax USA the leaders in car seat innovation, comes the TRAVELLER PLUS Car Seat. The finest car seat certified for use by children with special needs, accommodating up to 47.5 kgs and can be used with either a lap belt or a lap shoulder belt combination, allowing you to use the Traveller Plus in any complaint for children up to 21.5kgs, and includes a Versa-Teather.

The Traveller Plus includes a removable, washable fabric plush cover, padded headrest, 5-Point harness, recline bar, padded foam abductor and an easy-pull strap adjustment that makes it easy to get a secure fit every time.

The standard recline bar allows the Traveller Plus to be installed and used in a 45° recline forward facing position in most vehicles.

This feature ideal for children with limited head control. An optional seat extension is available that attaches directly to the front of the seat for a deeper and more comfortable fit for larger children.

Padded Headrest
Provides head control

5-Point Harness
Provides trunk support and secures the child in the seat during transport

Padded Abductor
Provides extra padded support and comfort

Recline Bar
This standard feature allows the Traveller Plus to be reclined for comfort and for children with limited head control

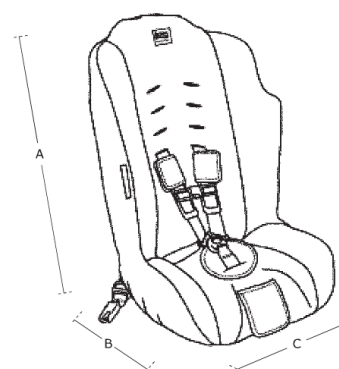

Optional Accessorie

Seat Extension
Increases seat depth 10cm and fits under the seat cover
