

Height Right

Special Tomato Height Right - Stylish Comfortable Seating

Proper seating and positioning is important!

The Height Right Chair is a stylish seating system developed for children and teens with mild to moderate physical involvement at home, school, therapy or daycare!

Grows with your child, a height and depth adjustable seat and footplate, the height right assures a secure, comfortable fit for children of varying sizes aged 6 months to 113kg.

The Height Right has also been designed with durability in eliminating the need for costly seating replacements. Easy to care for the height right can be safely wiped clean with mild disinfectants - perfect for use with multiple children!
